Lightning Regatta Success

Submitted by Peter Gamba

Wow! 14 boats from around the NY area sailed five fast great races. Dick Hallagan won the series with Clay Murphy taking a close second. For all 5 races, the time between the first boat crossing the finish line and the last boat averaged 60 seconds. All races were close and the crews skillful. Thanks go to Paul Schnipelsky, Peter Maier, Robin Gillette for registration and Committee boat, and Bobby Wilder for setting up the race course and scoring.

Kid's Korner--Junior Sailing

Submitted by Peter Gamba

Jr. Sailing is off to a great start. We had 4 days of good winds both in the morning and afternoon. This week we focused on basic sailing and on Thursday we had a race. Fun was had by all and of course with the heat the lake was a great place to cool bodies and hulls.

Lusitania Cup Saturday

The Lusitania race will be on July 7th at 12 noon. All boats are welcome. It is the first of three handicapped races this summer. The other two handicapped races will be on August 11th and on Sept 8th. Last year we had a lot of fun. Call Peter Gamba with questions.

Sunfish and Laser Usage

Submitted by the KYC Board of Directors

KYC Sunfish and Laser sailboats were purchased to support the Jr. Sailing program. KYC members began to use the Sunfish and Lasers. This occasional use by members and their guests has evolved into an assumed benefit of KYC membership. As it turns out, this assumed benefit is one KYC cannot support. The reason is the liability associated with a KYC boat used by someone who is not supervised by a certified instructor. The Jr. Sailing instructors are all certified to teach and the boats are designated for that purpose. The KYC liability insurance covers the instructors and students only. So for the protection of the KYC and its members, the use of the KYC Sunfish and Lasers by KYC members not enrolled in a sailing program is no longer supported.
