

KYC CLEAN UP DAY—Saturday Oct. 16th

Grab your rake and work gloves and come on out for the annual Fall cleanup day. A variety of tasks will need to be done to help ready the Club and Grounds for the off-season. Aside from general yard and grounds maintenance, some indoor work needs to be done as well. Work will start around 10am.

WORDS FROM THE COMMODORE

As the newly appointed Commodore, I want to extend my greetings to fellow members. It is a privilege to be at the helm of this good group. I am hoping that every member of Keuka Yacht Club had as good of a summer season as I did.

It is now, however, the time of year to clean up and close up the club in preparation for winter. This cleanup is scheduled for October 16, beginning at 10am. Cleaning the clubhouse and grounds, putting away club boats, and pre-winter maintenance work items are on the agenda.

This spring at the opening cleanup we had an excellent turnout and I hope this can be reproduced on the 16th. Please do your part and help. With a good turnout, we can make the fall cleanup a success. Many hands make light work. We are organizing a list of tasks to be posted at the club so that arriving volunteers can know what to do to help. Our club depends on the volunteer support of its members. So, please show up and pitch in.

We on the board are contemplating a number of issues regarding capital improvements and maintenance around the club, grounds, and waterfront. Several members expressed their concerns and interests at the annual meeting. Improvements needed to bathrooms was one such issue. Now is the time to hear from you, the members of KYC regarding your interests. We would like to know that member priorities are matched as best possible by board actions and expenditures. Please send your input to me via the commodore's [email](mailto:ann@keukayc.org) as posted on the website. I look forward to hearing from you.

Bob Meyer, Commodore KYC

2010 SEASON RESULTS

CLUB AND MOLDEE CLOSED

Keuka Yacht Club is officially closed for the season. The Moldee will also be closed at the end of Cleanup day on Saturday, October 16th.

If you come on the KYC grounds after October 16th, please be "carry in-carry out" with your trash.

FOR SALE

12711 lightning, with new halyards for spinnaker, main and jib installed one year ago. New shrouds and all sails repaired and in good shape, three mains, two jibs and two spinnakers.

The boat is heavy and it is a curse of this vintage boat with water absorbed in the bottom foam layer. This is an Allen boat and Tom Allen says \$2000 is a minimum I should ask and that it will be an excellent cottage boat or instructional boat for any Club sailing program. It is a blue hull boat with white deck. It is barn stored as it has been every year. Contact John Brown-cell 607-368-3724 or 607-962-2011 or brownjt@stny.rr.com. I've enjoyed the boat for 7 years and am interested in purchasing a newer Lightning.

FALL IS HERE

Fall colors were in full swing last weekend and the end of October is nearly here. **October 31st also marks the end of the KYC slip use season.** Please plan accordingly and ensure that your boat is removed from its slip by that date.

BILGE PUMP

As the cold weather arrives, the Bilge Pump will be sent out less frequently. As news merits it, I expect to have issues about once a month during the "off-season" (October through April). Send items to me at bilge@keukayc.org. ANN PENWARDEN

SHAPING UP

Paul Schnipelsky and Art Wilder have been working hard on the Moldee bathroom. Here is a sneak peak of the work in progress.

Not only does it look great, but it has that fresh pine smell too!

Thanks Paul and Art!

TIME TO SETTLE UP!

Anyone leaving bar tabs unsettled or planning on leaving boats on the grounds for winter storage are welcome to email Nance for outstanding balance information at treasurer@keukayc.org. Mail checks to: KYC, PO Box 334 Bath NY 14810.

Also Nance will accept any last tip or bonus for Bryan, please make the amount wanted to go to Bryan clear and I will forward tips to him weekly. The changeover from summer and winter livery is Oct. 15-Oct. 31. There will be a formal combined billing of tabs and livery shortly after Nov. 1st. I hope everyone has a great offseason.

Thanks!

NANCE JENKINS

Please be careful when using the ramp. There is moss on the surface and it is very slippery!
